

Cammy Gaspar was born Deaf, raised by a hearing family, and taught to communicate orally. Cammy attended 6 mainstream schools before enrolling at Louisiana School for the Deaf. She quickly learned ASL, Deaf culture, and found a home within the Deaf community. She was the class Valedictorian in 1998.

Cammy and her Deaf partner, Ricardo, have two Deaf children, Isabella and Gabriella. Cammy spent years volunteering with the PTA throughout her daughters' elementary school years. She advocated for her children and their needs when they were young. Her grown children can now advocate for themselves and their Deaf peers.

Cammy now works as a Deaf Guide by Your Side for Louisiana Hands & Voices. She is also a member of a group that assists in the scheduling of open captioned movies at a small local movie theater in New Orleans. Cammy is looking forward to the new journey being on the board of LCD.
